EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Claim 9 (currently amended); lines 17-18, replace "channel", both occurrences, with ---channels---.

Note that the amendment to currently amended claim 9 is only to correct a minor discrepancy since claim 9 has first and second channel; Therefore, the Examiner felt unnecessary to contact the Applicant's attorney to authorize this minor correction to claim 9.

- Drawings

The drawings were received on 12/13/04. These drawings are acceptable.

Allowable Subject Matter

Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 2831

With respect to claims 1-8, the cited prior art does not disclose, teach or suggest, alone or in combination, a template comprising a station having a pair of straight flanges forming a straight channel, at least one of the flanges having a discontinuity medially along the flange's length; and wherein a wiring harness made from a plurality of individual wiring runs, is assembled within the channel formed by the flanges and such that after the wiring harness is assembled within the channel, the wiring harness is removed from the channel.

With respect to claims 9-16, the cited prior art does not disclose, teach or suggest, alone or in combination, a template comprising a first and second station, each station having a pair of straight flanges forming a straight channel, at least one discontinuity medially located on the first pair of flanges or the second pair of flanges; and wherein a wiring harness made from a plurality of individual wiring runs, is assembled within the first channel formed by the first pair of flanges and the second channel formed by the second pair of flanges and such that after the wiring harness is assembled within the channels, the wiring harness is removed from the channels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
